R8581

1 KNAUF DR
SHELBYVILLE, IN 46176 USA

Boards consisting of glass fibers bound and formed into various thicknesses with or without facing or coatings.

The following products are eligible to bear the Laboratories' Classification Marking incorporating the designation "FHC 25/50" instead of the individual Surface Burning Characteristic values for flame spread and smoke developed:

Basic Boards

Acrylic Coated Boards

Aluminum Foil Faced Boards

Foil-Scrim-Kraft Faced, type I, Boards

Mat Faced Boards

Polypropylene-Kraft-Scrim-Foil Faced Boards

When the UL Leaf Mark is on the product, or when the word "Environment" is included in the UL Mark, please search the [UL Environment database](#) for additional information regarding this product's certification.

The appearance of a company's name or product in this database does not in itself assure that products so identified have been manufactured under UL's Follow-Up Service. Only those products bearing the UL Mark should be considered to be Certified and covered under UL's Follow-Up Service. Always look for the Mark on the product.

UL permits the reproduction of the material contained in the Online Certification Directory subject to the following conditions: 1. The Guide Information, Assemblies, Constructions, Designs, Systems, and/or Certifications (files) must be presented in their entirety and in a non-misleading manner, without any manipulation of the data (or drawings). 2. The statement "Reprinted from the Online Certifications Directory with permission from UL" must appear adjacent to the extracted material. In addition, the reprinted material must include a copyright notice in the following format: "© 2014 UL LLC".
