

# ProBaffle™

## Sound Isolation Baffle

**Auralex ProBaffles** are 2" thick absorptive panels wrapped in a lightweight material and designed to be hung vertically from the ceilings in commercial facilities such as gymnasiums, restaurants, lobbies, open offices and other larger multi-purpose spaces.

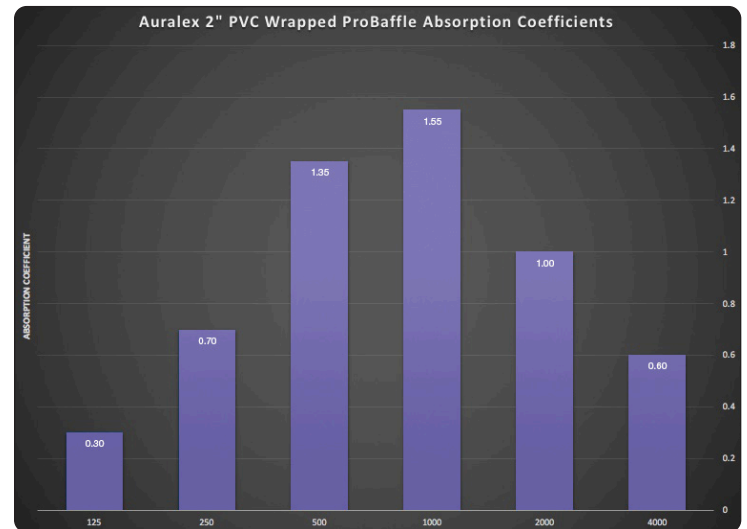

These panels have a fiberglass core and carry a Class A fire rating per ASTM E84. The edges and corners are square and non-hardened.

**ProBaffles** are available in fabric, PVC or nylon finishes. Installation is made easy by using the grommets to hang with wire or chain.

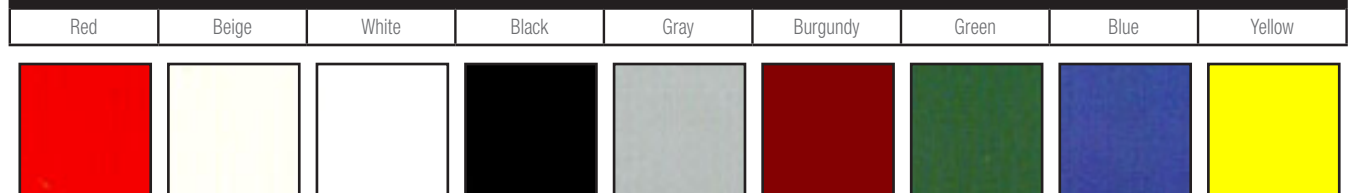

### Technical Details:

- **Baffle Core:** 1.65-7 pcf fiberglass for vinyl & nylon, 1.6-7 for fabric covered
- **Thickness:** 2"
- **Sizes:** 4' Wide & available in a range of lengths from 2'L to 10'L
- **Mounting:** Hung vertically by grommets with wire or chain
- **Finish:** Vinyl, Nylon and Fabric
- **Flammability:** All components have a Class A rating per ASTM E84
- **Overall NRC:** 1.15
