

SubDude-II™ / MoPAD-XL™

Installation & User Guide

Thank you for purchasing Auralex® MoPAD-XL & SubDude-II isolation devices.

Their ability to dramatically improve the resolution of your subwoofer and monitors is remarkable! By isolating your speakers from structural resonances you will experience decreased coloration and increased clarity resulting in a sharper sound image.

SubDude-II™

- 1 Follow the subwoofer manufacturer's suggestions for the placement of the subwoofer in the room.
- 2 Place the **SubDude-II**, black velour side up, in the suggested location.
- 3 Place the subwoofer centered on the **SubDude-II** platform. If your sub has feet, be sure they are resting securely on the platform. The subwoofer can overhang the perimeter of the **SubDude-II**.

MoPAD-XL™

- 1 Determine your monitors location in your room following the manufacturer's placement guidelines.
- 2 Place your speakers on top of the **MoPAD-XLs** with or without the accessory wedges. The wedge adjusters can be oriented to achieve additional down tilt, up tilt or a flat stance.
